

International Mail Accounting Course (IMA)

APPC organises four-week **International Mail Accounting Course** scheduled from **27 July to 14 August 2026** at Bangkok , Thailand. Our professionals need to be **equipped with latest procedures , policies, and regulations** about international mail accounting in contemporary postal industry. Postal operators proficient in international mail accounting possess the expertise to accurately prepare, transmit, and accept mail statements, bills, and accounts without errors or unnecessary revisions. The tailor-made course will equip participants with the tools needed to refine their skills and knowledge about **terminal dues** and competencies in **international mail accounting documentation**. The topics covered will facilitate the participants to examine mail accounting settlements among designated operators. The sessions will include site visits as well as guest lectures by **experts from UPU**. This will enable participants to develop skills and abilities for future roles contributing to the success of the organisation.
